Bringing light to life™

Complete light control

VELUX offers many light control options for new or previously installed skylights. Choose between these blind options: Blackout blinds, room darkening double pleated blinds, light filtering blinds, light filtering single pleated blinds, and venetian blinds.

VELUX blinds:

- Are custom designed for VELUX skylights
- Require no wiring
- Available in manual or solar powered (*remote included*)
- Take a few minutes to install with our unique Pick&Click!™ installation system
- Can be ordered factory installed (*In-stock blinds only*)
- Are available in 80 color and material options
- Can be ordered for prior model skylights when using a ZZZ 232 blind adaptor kit (*see accessory section*)

Choose a blind type

Room darkening double pleated blinds have a honeycomb structure with a blackout cloth.

- Energy efficient
- Easy installation
- Solar powered (*remote included*) or manual

Light filtering single pleated blinds offer colorful light effect by softening incoming light.

- Light filtering single pleat layer
- Solar powered (*remote included*) or manual

Blackout blinds provide room darkening when needed. Perfect for afternoon siestas and light summer nights.

- Blackout 24/7
- Solar powered (*remote included*) or manual

Light filtering blinds let soft light in and offer privacy.

- Basic privacy
- Solar powered (*remote included*) or manual

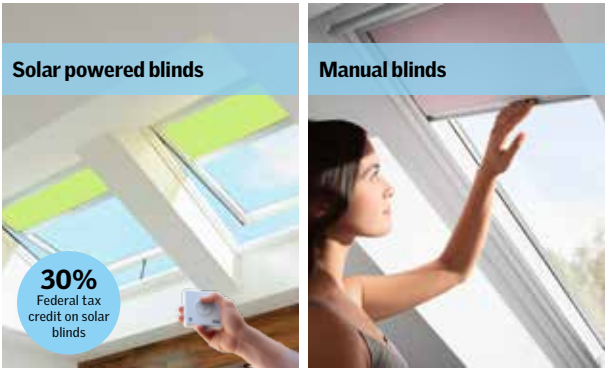

Venetian blinds are best for adjusting the amount and direction of sunlight.

- Control amount and direction of incoming light and shadows
- Manual only

Sunscreening accessory tray for any fixed curb mounted skylights (ZZZ 199)

The sunscreening accessory tray combined with the revolutionary Pick&Click!™ system makes blind installation quick and easy for VELUX fixed curb mounted skylights. Even after the installation is complete. It has everything built-in.

Accessories

VS crank handle (ZZZ 201)

VCM crank handle (ZZZ 212)

A manual crank handle used to operate deck mounted venting skylights with a chain operator. Skylights must have been installed within reach and manufactured since 2010.

VS replacement hook (ZZZ 202)

VCM replacement hook (ZZZ 211)

Available for manual venting skylights.

Extension for chain operator (ZZZ 208)

Extension for manual crank handle or for the manual angle adapter to make skylights easier to operate.

Angle adapter for chain operator (ZZZ 203)

Extension for manual crank handle or for the manual angle adapter to make skylights easier to operate with a manual pole.

New

Sun screen accessory adapter kit (ZZZ 232)

Enables prior model skylights to be fitted with any of our current model blinds. Available as a special order.

For models manufactured prior to January 1, 2010.

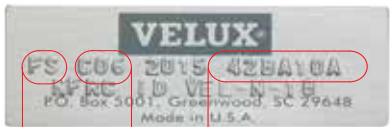

VELUX Skylight Planner

See how skylights and blinds can transform any room in any home. Available on iPhone, iPad, iPod and Android smartphones.

Choosing the right blind

Find the skylights identification tag (located on the skylight frame) to determine the skylight model, size, and production code of your skylight.

Skylights manufactured prior to 2010 will require a ZZZ 232 accessory adaptor kit.

Skylight model Size Production code
