Warranty290

Now more than ever, Andersen offers what you need to design, build, remodel and replace. More custom sizes for more products. More service coverage from coast to coast. More tools that add speed and professionalism to how you create plans, generate quotes and specify products. All in addition to the things that have made Andersen an industry leader for over 110 years — including the energy efficiency customers demand, a history of environmental stewardship, the backing of a renowned limited warranty* and the confidence that comes from working with products crafted for the long run.

WHATEVER YOUR PROJECT,
ANDERSEN
DELIVERS

*Visit andersenwindows.com/warranty for details.

DESIGN

Andersen has both the products and the design tools you need for virtually any project. With a wide range of windows and doors, a variety of interior finishes and a large palette of colors, it's easy to create the look you want. You'll also find the tools you need to bring your vision to life. For more information on our design tools, visit andersenwindows.com/arg.

BUILD

Andersen is the most trusted window brand among builders. With good reason. Our extensive collection of products offers the ability to deliver aesthetics and reliable performance in any climate. And our vast dealer network is there for you, from project design to closing, with industry-leading support and service.

REMODEL

Whether you are matching existing architecture, delivering energy efficiency or fitting budgets your customers demand, Andersen can help. We offer a broad portfolio of products — all renowned for their long-lasting,* energy-efficient, low-maintenance designs. With custom size capabilities, a choice of wood species and exterior colors, and other options and accessories, you have everything you need to create what your customers have in mind.

REPLACE

Andersen is committed to being your window and door company for replacement solutions. With Andersen, you have the ability to order custom sizes for a wide variety of full-frame windows, insert windows and patio doors. In addition, we offer a range of interior and exterior options, custom grille capabilities and products that arrive prepped from the factory for easy installation.

*Visit andersenwindows.com/warranty for details.

400 SERIES

The most popular windows and doors from the brand rated by builders and remodelers as the most durable, most weathertight and easiest to install*. They're also rated the highest in quality.**

Andersen® 400 Series windows and doors provide a classic blend of engineering and craftsmanship, featuring extensive sizes, shapes, styles and colors. We design each product to meet our demanding standards. And each is available with a full array of options and accessories to give projects a customized look, and customers the choices they want.

Carefully crafted in dramatic sizes and shapes, Andersen complementary products can make any project special. They beautifully complement our 400 Series products and expand your design possibilities.

ANDERSEN® PRODUCT OVERVIEW

With Andersen, there are product lines for every budget, every personal taste and every architectural style. No matter which you choose, all feature the beauty, energy efficiency and durability you and your customers have come to expect from Andersen.

ANDERSEN ADVANTAGES

Specialty & Entry Doors

Our folding outswing doors let the outside in. When closed, they provide a stately wall of light. When open, they fold virtually out of sight. Choose from a variety of configurations up to 48 feet wide.

Handcrafted from the finest wood available, Andersen® entranceways add uncommon elegance to any home. Choose from rectangular or arched styles in a large variety of solid wood or glass panel options.

200 SERIES

This streamlined selection delivers Andersen quality at an uncommon value while still offering ample choices. The Andersen 200 Series product line concentrates on our most popular sizes and options.

REPLACEMENT SOLUTIONS FOR EVERY JOB

Andersen offers the replacement solutions you need, the comfort and low maintenance your customers are looking for and the successful installs your reputation requires. Whether it's a double-hung insert window, our replacement casement, or a full-frame replacement window or patio door, Andersen® replacement products install quickly and easily so you finish in less time.

What's more, Andersen replacement windows and doors have beautiful wood interiors that add value to your customers' homes — so you're not just replacing, you're upgrading. Plus all feature the durability, the time-tested performance and the service and support you've come to expect from Andersen. Which means more satisfied customers today and fewer callbacks tomorrow.

400 SERIES WOODWRIGHT® DOUBLE-HUNG INSERT WINDOW

The classic, traditional style of Woodwright® full-frame windows in a time-saving insert.

400 SERIES TILT-WASH DOUBLE-HUNG INSERT WINDOW

Our best-selling double-hung window now comes as an insert for easy replacement.

400 SERIES REPLACEMENT CASEMENT WINDOW

Available without a nailing flange for easy installation from inside or outside. Features predrilled, through-the-jamb installation holes for quick installation.

CUSTOM-SIZE PATIO DOORS

Whether you need a hinged or gliding patio door for replacement, Andersen has a number of custom size options to fit your project.

Our replacement casement windows and all insert windows include flat, self-hanging shims, backer rod, installation screws and complete instructions.

EXTERIOR TRIM SYSTEM

A BEAUTIFUL, INNOVATIVE WAY TO SAVE TIME

Andersen® exterior trim for windows and doors installs in about five minutes. It allows you to eliminate measuring, cutting, mitering and filling nail holes while providing an exceptional fit and finish. Plus it offers the flexibility to create a variety of window, door and trim color combinations. **For details see page 215.**

ANDERSEN
INNOVATION

Time-saving and
cost-effective

Innovative
attachment strip

ENGINEERED WITH
FIBREX®

Our trim is made with Fibrex® material, an environmentally smart composite that contains 40% pre-consumer reclaimed wood fiber by weight.

Cocoa Bean trim with Sandtone window

Independent of water
management system
for easy installation

No nail holes, no visible
fasteners, no painting

Style that gets noticed

Our thick trim profiles overlap the window frame to create clean lines without visible sealant joints. Mitered brick mould corners and butt joints on flat trim reflect traditional corner joints.

An online trim visualizer, installation guides and videos are available at andersenwindows.com/exteriortrim.

TRIM COLORS

COLOR CHOICES & COMBINATIONS

Available in 11 factory-finished colors that never need painting and won't fade, flake, blister, chalk or peel no matter what the climate.** Mix and match trim and product colors to give your customers the look they want.

* Some products are not available in all colors. See your Andersen supplier for details.

** Visit andersenwindows.com/warranty for details.

Printing limitations prevent exact duplication of colors. See your Andersen supplier for actual color samples.

Red Rock trim with Sandtone window

GLASS OPTIONS

Andersen has the glass you need to get the performance you want. From SmartSun™ glass with HeatLock™ coating that is ENERGY STAR® certified in all climate zones* to PassiveSun® glass that helps heat homes in northern areas, there's an option for every climate, project and customer. Check with your supplier for the selections that meet ENERGY STAR® qualifications in your area.

Most Andersen® 400 Series windows are available with impact-resistant glass and structural upgrades to meet the tough building codes of hurricane-prone coastal areas. See your local code official for specific requirements in your area.

DOOR HARDWARE FINISHES

Distressed bronze and oil rubbed bronze are “living” finishes that will change with time and use. Bright brass and satin nickel finishes on patio door hardware feature a 10-year limited warranty. Matching hinges available for inswing patio doors. Printing limitations prevent exact finish replication. See your Andersen supplier for actual finish samples.
 *Hardware sold separately.

INSECT SCREENS

Exclusive Andersen® TruScene® insect screens provide more than 50% greater clarity than our conventional insect screens for a beautifully unobstructed view. And they let in more fresh air and sunlight, while doing a better job of keeping out small insects.

ANDERSEN
INNOVATION

FRAMES

For casement and awning windows, TruScene® insect screen frames are available in stone, white or natural pine veneer that can be stained to match the window. Insect screen frames for all other windows are installed on the exterior of the window and match the unit's exterior color.

TruScene® Insect Screen

Crafted from micro-fine stainless steel mesh, it's one-third the diameter of our aluminum screen wire.

Conventional Andersen® Insect Screen

TRUSCENE® INSECT SCREENS — 50% GREATER CLARITY

FULL OR HALF WINDOW INSECT SCREENS

Full insect screens are available for Andersen® venting windows. Andersen also offers the option of half insect screens for the lower sash of our tilt-wash double-hung windows.

PATIO DOOR INSECT SCREEN OPTIONS

All hinged and gliding patio door insect screens have a long-lasting* fiberglass screen mesh with a charcoal finish. Available in colors to match the exterior of the door.**

GLIDING PATIO DOORS

Gliding Insect Screen
Gliding insect screens are available for two- and four-panel doors.

Retractable Insect Screen
The retractable insect screen is installed on the exterior of the door and opens side-to-side across the width of the opening. When the insect screen is not in use, it neatly retracts into a small canister. Available for two-panel patio doors.

HINGED — INSWING PATIO DOORS

Hinged Insect Screen
Available for single-panel doors.

Double-Hinged Insect Screen
Available for two-panel jamb hinged doors.

Gliding Insect Screen
Available for all two- and three-panel doors.

HINGED — OUTSWING PATIO DOORS

Retractable Insect Screen
The retractable insect screen is installed on the interior of the door across the width of the opening. When the insect screen is not in use, it neatly retracts into small canisters. Retractable insect screens for outswing doors are available with White, Pine, Oak or Maple interiors. Available for single- and two-panel doors.

* Visit andersenwindows.com/warranty for details.

** See your Andersen supplier for availability.

ART GLASS

Andersen offers three distinctly different series of art glass to complement any home's architecture. All can help you add interest, create focal points and make your work stand out from that of your competitors. For more information, see your Andersen supplier or visit andersenwindows.com/artglass.

FRANK LLOYD WRIGHT® SERIES

Each of the four patterns inspired by renowned architect Frank Lloyd Wright remains true to the principles of Wright's original work: simplicity, unity and nature.

Eucalyptus

Wichita

Colonnade

Prairie Rhythm

CLASSIC SERIES

Create a classic look with five different styles that represent major architectural design themes from the late 1800s through the 1930s, as well as a Southwestern-inspired design.

DOUBLE-HUNG WINDOWS

400 SERIES WOODWRIGHT® WINDOWS

Woodwright® windows help replicate the look of traditional architecture. Their thick, sloped sills and historically accurate grille patterns bring old-world character to homes of all ages. To help match existing interiors when replacing or remodeling, they're available in a variety of wood species and with a range of hardware and grille options, including custom grilles.

For more information, see page 59.

Woodwright® windows give you the option to use a variety of graceful arches that can add an uncommon elegance.

Unequal Arch

Arch

Springline™

400 SERIES WOODWRIGHT® INSERT WINDOWS

Woodwright® insert windows give you all the advantages of Woodwright® full-frame windows, plus they install faster and easier while keeping the mess and disruption to a minimum. In most cases, you can even keep the original trim and preserve the character of your customers' homes.

Installation materials included.

For more information, see page 77.

400 SERIES TILT-WASH WINDOWS

Year after year, the Andersen® 400 Series tilt-wash window is our best-selling double-hung window — and for good reason. It's extremely energy efficient and offers a wide array of decorative and performance options.

For more information, see page 83.

StormWATCH
PROTECTION

This product is available with Stormwatch® protection. For a copy of the Andersen® Coastal Product Guide, contact your Andersen supplier.

400 SERIES TILT-WASH INSERT WINDOWS

All the features of our best-selling double-hung window are now available in an insert window that's faster and easier to install.

Installation materials included.

For more information, see page 95.

200 SERIES TILT-WASH WINDOWS

200 Series tilt-wash double-hung windows come in our most popular sizes and with our most requested options. They feature low-maintenance exteriors and real wood interiors. **For more information, see page 221.**

NARROLINE® WINDOW CONVERSION KIT

For homes with Andersen® Narroline® windows that were made after 1967, our quick conversion kit lets you turn them into tilt-wash double-hung windows with high-performance Low-E4® glass. **For more information, see page 94.**

CASEMENT | AWNING | GLIDING WINDOWS

400 SERIES CASEMENT WINDOWS

The Andersen® 400 Series casement window is our best-selling casement window. It starts with a design that is extremely energy efficient. The sash is solid wood and covered inside and out by low-maintenance Perma-Shield® cladding to protect against water damage. And the interior features rich, natural pine that creates a perfect frame for art glass and grille patterns. **For more information, see page 31.**

StormWATCH
PROTECTION

This product is available with Stormwatch® protection. For a copy of the Andersen® Coastal Product Guide, contact your Andersen supplier.

400 SERIES REPLACEMENT CASEMENT WINDOWS

The casement window that set the standard for performance and durability comes ready for replacement. Provided with predrilled, through-the-jamb installation holes and the nailing flange removed. Special replacement extension jambs are also available to preserve the original alignment of trim and paint lines. **Installation materials included.** **For more information, see page 49.**

400 SERIES AWNING WINDOWS

These windows are built on the same platform as our casement windows and deliver the same outstanding performance. **For more information, see page 31.**

StormWATCH
PROTECTION

This product is available with Stormwatch® protection. For a copy of the Andersen® Coastal Product Guide, contact your Andersen supplier.

400 SERIES REPLACEMENT AWNING WINDOWS

Like our replacement casement, this window comes without a nailing flange and is available with special replacement extension jambs to preserve the original alignment of trim and paint lines. It also has predrilled, through-the-jamb installation holes, so it installs easily from inside or out. **Installation materials included.** **For more information, see page 49.**

400 SERIES GLIDING WINDOWS

In addition to providing superior energy efficiency, reliable performance and uncommon beauty, both sash on our 400 Series gliding windows can be opened for improved ventilation. **For more information, see page 115.**

200 SERIES GLIDING WINDOWS

Andersen® 200 Series gliding windows are available in our most popular sizes. They come with low-maintenance exteriors and real wood or prefinished white interiors. **For more information, see page 227.**

For more shapes, colors and wood species, see page 29.

SPECIALTY WINDOWS

400 SERIES SPECIALTY WINDOWS

Andersen® specialty windows are more than a collection of stylish shapes. They're also an opportunity to take advantage of our 110-plus years of experience and craftsmanship to distinguish your customers' homes, your work and your designs from everyone else's. Whether it's a bold signature statement with a custom-designed picture window or a delicate lighting accent, Andersen makes it easy to create the look you and your customers want. And it's just one more reason why Andersen is the industry's most trusted name. **For more information, see page 121.**

EXTENDED GOTHIC

ARCH

OCTAGON

TRAPEZOID

HALF CIRCLE

Also available to match Andersen® 200 Series double-hung windows.

OVAL

CIRCLE

SPRINGLINE™ FLANKER

RECTANGULAR WINDOWS

Andersen makes picture and transom windows to complement the sizes and profiles of Andersen® 400 Series double-hung, casement and awning windows, as well as Andersen 200 Series double-hung windows.

BAY & BOW WINDOWS

Andersen® 400 Series bay and bow units feature all of the individual qualities of our Woodwright® tilt-wash and casement windows. Each is delivered as a complete unit to help speed installation. Custom sizes are available for casement units, and all offer a choice of pine veneer or oak veneer head and seat boards. We also offer a cable support system for easier installation. **For more information, see page 101.**

FLEXIFRAME® WINDOWS

Flexiframe® windows are available in custom sizes and can be designed in nearly any shape made with straight lines, providing no angle is less than 14 degrees. When other window companies say it can't be done, Andersen does it easily — and beautifully.

For more information, see page 138.

EXAMPLES OF ALTERNATIVE SHAPES

StormWATCH®
PROTECTION

Detailed information about Stormwatch® protection can be found in the Andersen® Coastal Product Guide. For a copy, contact your Andersen supplier. Visit andersenwindows.com/coastal for more information.

GLIDING PATIO DOORS

400 SERIES FRENCHWOOD® GLIDING PATIO DOORS

With their wide wood profiles, Frenchwood® gliding patio doors have the old-world character of traditional French doors, but also offer the convenience and space savings no hinged door can provide. Frenchwood® gliding doors also offer an extensive array of options and accessories and are available in two- and four-panel configurations to fit virtually any size requirement.

For more information, see page 145.

200 SERIES NARROLINE® GLIDING PATIO DOORS

Our 200 Series Narroline® gliding patio doors combine the beauty of natural wood with sleek contemporary profiles to maximize views. Available in two- and four-panel configurations to fit virtually any size requirement.

For more information, see page 233.

200 SERIES PERMA-SHIELD® GLIDING PATIO DOORS

Perma-Shield® gliding patio doors are protected inside and out with rigid vinyl cladding to give homes a contemporary look while keeping maintenance to a minimum. Available in two-panel configurations.

For more information, see page 241.

PANEL CONFIGURATIONS

Andersen® gliding patio doors are available in the following panel configurations. See individual product sections for further details. Two-panel configurations are available assembled and unassembled for jobsite convenience. Examples below shown from exterior.

Stationary Panel

Two-Panel Right Open

Two-Panel Left Open

Four-Panel Center Open

NEW BLINDS BETWEEN THE GLASS

Now available on select 200 Series Perma-Shield® gliding patio doors. Placed between two panes of insulated glass, these aluminum slat blinds are away from dust, dirt and damage. And a smooth, simple operation lets your customers control their view. **For more information, see page 242.**

HINGED PATIO DOORS

400 SERIES FRENCHWOOD® HINGED INSWING PATIO DOORS

Frenchwood® hinged inswing patio doors feature traditional styling with pine, oak, maple or prefinished white interior options. They come with a three-point locking system for enhanced security and performance. Available in one-, two- and three-panel configurations.

For more information, see page 153.

400 SERIES FRENCHWOOD® HINGED OUTSWING PATIO DOORS

Frenchwood® hinged outswing patio doors feature traditional styling with pine, oak, maple or prefinished white interior options. They come with a three-point locking system for enhanced security and performance. Available in one- and two-panel configurations. **For more information, see page 163.**

200 SERIES HINGED INSWING PATIO DOORS

Our 200 Series hinged inswing patio doors are built with fiberglass panel construction, traditional styling, white interiors and three exterior colors. Their hook-deadbolt lock provides extra strength, a more weathertight seal and added security compared to ordinary deadbolt locks. They are available in one- and two-panel configurations.

For more information, see page 247.
