# *welcome*

There's a reason why a welcome mat is placed at the foot of a door. A door is the warm greeting as you enter the home. Conversely it is the welcoming promise of the world beyond as you leave those walls behind. The closing of a door can bring comfort and security. The opening leads to possibilities and wonder. As the first and last impression, a door is not only representative of your creativity and style, but it's something that helps transport you to and from life's events. Choose the right door and welcome beauty, elegance, character, and of course, unparalleled quality to your life.

# HOW TO ORDER

## Six Steps to Your Perfect Simpson Door

Life is about choices. Sometimes you have an exact idea of the type of door you're looking for, while other times you know what door is right "when you see it." Simpson has many options to make finding the right door simple and carefree.

Since you can get a Simpson door in any wood, any glass or any style, the possibilities are endless. That's why we've broken down the process into six easy steps. In doing so, we can help keep your decision making focused and your possibilities infinite. Just imagine what you can create.

[simpsondoor.com/howtoorder](https://simpsondoor.com/howtoorder)

## **1 CHOOSE A DESIGN**

Here's where it all begins. Complement your home with popular styles like Arts & Crafts, Colonial or Contemporary; or browse our extensive collections like Nantucket®, Mastermark® or Artist.

## **2 CHOOSE YOUR SIZE**

Our doors come in all shapes and sizes. No matter what you have in mind, Simpson can make your wood door come to life. Select your size up to 12 feet tall, 6 feet wide and 2-1/4" thick.

## **3 CHOOSE A WOOD SPECIES**

Simpson offers a broad range of wood species, each with its own distinctive character. Choose from traditional to exotic, each meeting our strict grading standards.

## **4 CHOOSE YOUR GLASS**

Whether you are concerned about privacy or just want to add a contemporary touch to your door design, we can deliver the perfect piece of glass that reflects your vision.

## **5 CHOOSE AN UPGRADE**

Sometimes an exterior door needs additional protection from the demanding elements of Mother Nature. Our Performance Series® is a selection of heavy-duty upgrades. Or choose the Nantucket Collection, an all wood door engineered for the toughest exposures.

## **6 CHOOSE A DEALER**

Simpson Authorized Dealers will provide you with the additional information you need for your dream door. To find one near you, simply visit our website and enter your zip/postal code.

# UNLOCK MORE AT **SIMPSONDOOR.COM**

This catalog provides a broad view of the various doors, options and design ideas available from Simpson Door Company. To explore the full collection and interact even further, visit our extensive website. There you can open the door to a wide web of useful tools and information.

Are you a homeowner who wants to see what a Simpson door will look like in your home before you buy it? Or an architect or designer in need of a canvas for your next work? Our Doormagination tools can help you conceive a custom work of art.

## TEST DRIVE A DOOR

Having a hard time deciding which Simpson door is right for your home? Take our doors for a test drive, on your home or one like it. [simpsondoor.com/testdrive](http://simpsondoor.com/testdrive)

## WOOD SELECTOR

One of wood's greatest appeals is the fact that no two pieces look exactly the same. You do not have to settle with the "cookie cutter" feel offered by other building materials. Grain patterns and color vary, adding texture, warmth and personality. [simpsondoor.com/wood](http://simpsondoor.com/wood)

## GLASS TASTE TEST

Need help visualizing which type of glass gives you both the look and privacy level you desire? Try our glass taste test and see what any door and glass combination will look like in your home. [simpsondoor.com/tastetest](http://simpsondoor.com/tastetest)

## ANY WOOD

Select the wood species that fits you. Choose from an array of species, from traditional to exotic, each meeting our strict grading standards.

## PRIVACY RATING

You can let the world in, or you can choose to be private. Our privacy rating will help you select glass that works for you.

## ANY SIZE

Our doors come in all shapes and sizes. Select your size up to 12 feet tall, 6 feet wide and 2-1/4" thick.

**LEARN MORE:** [SIMPSONDOOR.COM/OPTIONS](https://www.simpsondoor.com/options)

## GLASS OPTIONS

Let your glass reflect your life. We offer a variety of textured and obscure glass options to fit your personality.

## ULTRABLOCK<sup>®</sup> TECHNOLOGY

This patented process adds a water-resistant composite block in the bottom of the door stiles where water infiltration can occur in a tough exposure.

## WATERBARRIER<sup>®</sup> TECHNOLOGY

Our patent-pending technology combines a Medium Density Overlay with PVC glazing beads and bars to create an exterior that stops water in its tracks.

# NANTUCKET® COLLECTION

Nantucket Island is a place of great beauty that withstands the harsh coastal weather of the North Atlantic. That same resilient charm is expressed in the Nantucket® Collection by Simpson. Featuring a 10-year warranty, these doors combine weather-resistant wood species with a modified mortise-and-tenon construction technique. The result is a door that will retain its rugged beauty, regardless of what nature sends its way.
