

LedgerLOK[®]

LEDGER BOARD FASTENER

FEATURES

- No predrilling
- #1 structural wood screw engineered for ledgers
- Hex washer head style
- Guaranteed corrosion resistance. ACQ approved
- IBC/IRC code compliant. ESR #1078
- Free bit in every package
- Made in USA

LENGTHS: 3 5/8", 5"

PACKAGING QUANTITIES

12 pc clamshell, 50 pc box, 250 pc bucket

DESCRIPTION

LedgerLOK is the first wood screw engineered to fasten a deck ledger board to the rim joist of a house with no predrilling. The built-in washer head eliminates the need for an additional washer, saving time and money. The large hex-head allows for greater bit engagement, reducing cam-out.

MEET CODE. LOWER COST.

LedgerLOK is used by professional contractors nationwide to meet code and lower costs for making deck ledger connections.

Meet Code: Tested and proven to meet 2012 IRC requirements for deck ledger to rim joist connection. **Lower Cost:** Requires no predrilling, saving time and labor.

INSTALLATION PROCEDURE

LedgerLOK should be installed using a high torque, 1/2" variable speed drill (18V if cordless) or impact driver. Choose the proper length so that threads fully engage the main member (i.e., rim joist). Bring washer flush to side member—do not countersink.

Not for use in masonry or concrete.

For detailed installation instructions, including fastening requirements, please refer to our **Deck Ledger to Rim Joist technical bulletin**. These instructions are included in all box and bucket packaging as well as being available for download from our website. When using in non-ledger applications, a design professional should be consulted for all critical connections, which include the number and location of all fasteners to meet national and local code requirements.

GUARANTEED CORROSION RESISTANCE

LedgerLOK is guaranteed not to rust or streak for the life of the project. The fastener has also been tested and approved for use in ACQ. LedgerLOK is not recommended for saltwater applications.

LedgerLOK SKU Selection Guide

LENGTH	PACKAGING QTY	SKU
3 5/8"	12 pc clamshell	FMLL358-12
	50 pc box	FMLL358-50
