Window & Door Trim

Adding Fypon® window and door trim takes the look of a home from ordinary to extraordinary. Many pieces are designed to work together, and some can even be ordered moulded as one piece to further speed installation. From pilasters, pediments and crossheads, to arches and panels, our architectural options easily enhance a home's design. **For installation and finishing instructions, please visit www.fypon.com.**

Products shown: MLD234-16

How to Use This Section

The products in this section of the catalog are organized by size, from smallest to largest. Where applicable, part numbers are shown for fabricated products with attached accessories, and matching unattached accessories are referenced or shown with the product.

How to Order

Window Trim

To order window trim, first measure the window unit to be trimmed. Next choose the desired products and accessories to complete the look.

Door Trim & Entrance Systems

When ordering door trim, first measure the door unit to be trimmed. The unit can be measured with or without brick mould; however, the brick mould is essential when using a storm door. Next choose the desired pilaster style and size. Finally, choose a pediment or crosshead that is wide enough to span the opening plus the brick mould and pilasters (see example). Add desired accessories to complete the look.

Window & Door Trim Accessories

Keystones, dentil trim, trim strip and bottom trim accessories are available attached to standard products as fabricated products. Keystones can also be ordered as unattached accessories by listing the line item on your order.

Fabricated & Custom Products

Throughout this section, you will see fabricated products with attached accessories that have specific part numbers. To order a fabricated product shown in this catalog, place your order using the part number shown. Additional fabricated options may be available, including additional sizes and routing options. To request a fabricated product not shown in this catalog – or to request a unique custom product design – please fill out our Quote Request Form, which can be obtained at www.fypon.com/products/custom.asp, or contact the Fypon Custom Product Sales Department at 855.397.6647 or the Fypon Customer Service Department at 800.446.3040.

Remember to Order Adhesive

A urethane-based adhesive **must** be used on all joint surfaces. See page 200 to order Loctite® PL Premium® Adhesive.*

* Loctite® PL Premium® is owned by Henkel Corporation.

Always consult the local building code authority to determine suitability of products to meet specific project requirements.

Fypon reserves the right to hollow out the back of any product without notice. This space is not intended to be used for blocking purposes. Some products may be made as assemblies. Images are representative of style, actual product will vary by size.
